Modernized Bellflower Single Family Home

Elements' latest modern single-family residence takes over in the quaint city of Bellflower!

You'll find the 5 bedroom, 2 full bath property at 10446 Hopland -- on a neighborly street with large, inviting windows and a cheerful amber yellow door listed for **\$549,000**.

Contemporary Interior Design with Modern Features and Finishes

Beyond Hopland's brilliant front door, there's an open floor plan, starting from the living room and sweeping into the kitchen, where dark cherry wood cabinets, granite countertops and the multi-colored stone backsplash fit perfectly behind stainless steel appliances. Each bedroom features plenty of lighting through its large windows, while the adjoining bathrooms display gorgeous rustic stone tile from floor to ceiling.
